# THE KING OF BLOOD PURIFIERS

For more than forty years S. S. S. has worn the crown of public approval and has been recognized as the King of Blood Purifiers. It has demonstrated its ability to CURE in thousands upon thousands of cases of blood and skin diseases, until it is regarded today as the most reliable and safest of all blood medicines.

SWIFT'S SPECIFIC  
THE GREAT  
BLOOD PURIFIER

Pure blood means strong, vigorous bodies, well nourished systems, steady nerves, and all the machinery of life working in harmony with nature—thus insuring perfect health. Impure or diseased blood means the opposite of all this; any impurity, humor or poison in this vital fluid acts injuriously on the system and affects the general health. Pastular eruptions, pimples, rashes and the various skin affections show that the blood is in a feverish and diseased condition, the result of too much acid or the presence of some irritating humor. Chronic Sores and Ulcers are the result of morbid, unhealthy matter in the blood, while Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that continue to grow worse as long as the poisons which produce them remain in the blood.

THOROUGHLY TESTED IN HER FAMILY.  
S. S. S. has been used extensively in my family, given to my young son, and, not only so, but also to my wife. It thoroughly cleanses the blood of all impurities, and at the same time builds up the general health, gives appetite, strength and energy. We have given it to our children, and it has always effected a cure, and the blood and system healthy. I unhesitatingly recommend it to all who are afflicted with any blood or skin disease. MISS CLARA DARTRE.

WAY back over so many years ago, I left my father's home and from near Helena to take up the country of his Deer Lodge. Then the west side center for the territory of Montana. Deer Lodge was even then a small town in population, but it was in location. In the vast territory of Montana there were two foot-hills and Deer Lodge. Around them were centered the industries of the state, and to one or two other every other mining town in Montana. There were Deer Lodge's western neighbors. The two cities of Helena and Deer Lodge were not only the commercial centers, but the centers of culture and education, and the rivalry between them was quite intense. I do not now but I think if in those times there was in looking into the combined gold population, Henry estimated, it should not have been about 1500 people in Helena and Deer Lodge. No other town or city in the territory approached either of them. This is the fact of these small centers was quite remarkable as shown by the great number of men and women of these small communities who have since become important factors in every profession and in every business of Montana. This is the fact of these small centers was quite remarkable as shown by the great number of men and women of these small communities who have since become important factors in every profession and in every business of Montana.

The case came on the trial before Judge George Howard. I was present in the courtroom, and I was present in the courtroom. I was present in the courtroom, and I was present in the courtroom. I was present in the courtroom, and I was present in the courtroom. I was present in the courtroom, and I was present in the courtroom.

All of this had little to do with the request that I write a brief history of my father's life, but the very nature of the matter was such that I was willing to do so. I was willing to do so, and I was willing to do so. I was willing to do so, and I was willing to do so. I was willing to do so, and I was willing to do so.
